

## NOVEMBER I AUSTRALIA

This month I visited central coast with my host parents and went to a 21th birthday party. Shortly after, we went to Tocal Briefing weekend with the other exchange student. Additionally, I had my presentation about Norway and my family for my rotary club.

Pictures of my host parents Jim and Debbie and the beach at the central coast, was a very good trip. Very thankful for the lovely trip. The time has gone fast and I can't believe I have stayed with them for almost 3 months.

Picture with inbounds and outbounds. It was a great weekend and it is the second and the last time inbound and outbounds students will be together to join activities. I enjoyed catching up with them all again and sharing experiences with the other exchange students.

From the 5 hours car trip with the polish exchange student.

I had my presentation about my home, family and time in Australia so far to my Rotary club.

Among visitors at the meeting to hear my speech were Sally Larkings, who went to Norway on Rotary exchange in 1980, and Kai (the exchange student from Poland, with Dubbo South Rotary Club). Sally Larkings is an ex exchange student from Norway came to listen my presentation. Very cheerful and joyous meeting.

Members and guests gathered after the meeting for a photo.

My friend Rose's sister Alice, graduated and I did Roses makeup for the night. They both looked stunning!
